

# RAISING THE BAR FOR PATIENT CARE

Since 2001, Lakeview Health has been known as the leader in addiction treatment and recovery. Our proprietary methods delivered by world-class professionals set the industry standard in addiction care. Treating the mind, body and spirit of a patient is at the core of our treatment philosophies. Our methodologies have been proven to achieve maximum results.

**“ These benchmarked results are very impressive. It is very rare that a provider is leading the industry in so many domains like the treatment of abuse, depression, and quality of life. Consumers seeking best in class substance abuse care should take great comfort in these results. ”**

# SUBSTANTIALLY BETTER PATIENT RESULTS

Our Difference Makers work hard to empower profound recovery every day. To us, what matters is our patients leave treatment feeling inspired and mentally prepared to continue their healing process. The proof of our success is in the data.

“ *The percentage of patients who successfully complete treatment at Lakeview Health is substantially greater than the national averages for similar types of programs and Lakeview’s early post-treatment outcome results are impressive.* ”
